### Cutting Instructions for four napkins:

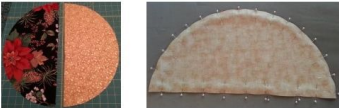

Cut (2) – 16" circles from a ½ yard cut of two coordinating prints for a total of (4) – 16" circles. Fold each circle in half. Press. Cut on the fold line to make a total of (8) half-circles.

### Sewing Instructions:

Use ¼" seam allowance unless otherwise noted.

Pair up the half-circles for each napkin. Place them right sides together and pin together along the outside edges. Sew around the outside edge leaving a 2½" space along the straight edge for turning.

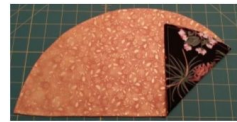

Cut little notches along the curved side to help with turning. Turn napkins right sides out.

Tuck opening section in so that you cannot tell where you turned the napkin. Press to set. Top stitch with a complimentary thread 1/8" from the edge around the entire napkin. Repeat on each.

Lay napkins with the accent print up on your ironing surface and the straight edge along the bottom as shown. Measure in 6" from the lower right corner and fold napkin back. Press.

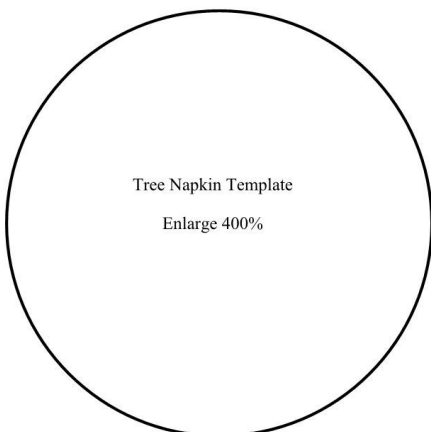

Take lower left corner and fold up to meet edge of the right side as shown below.

Flip napkins over and fold back in half along the line where the edges met. Press. Enjoy!
